

FEEL THE DIFFERENCE

MODEL PROGRAMME 2014

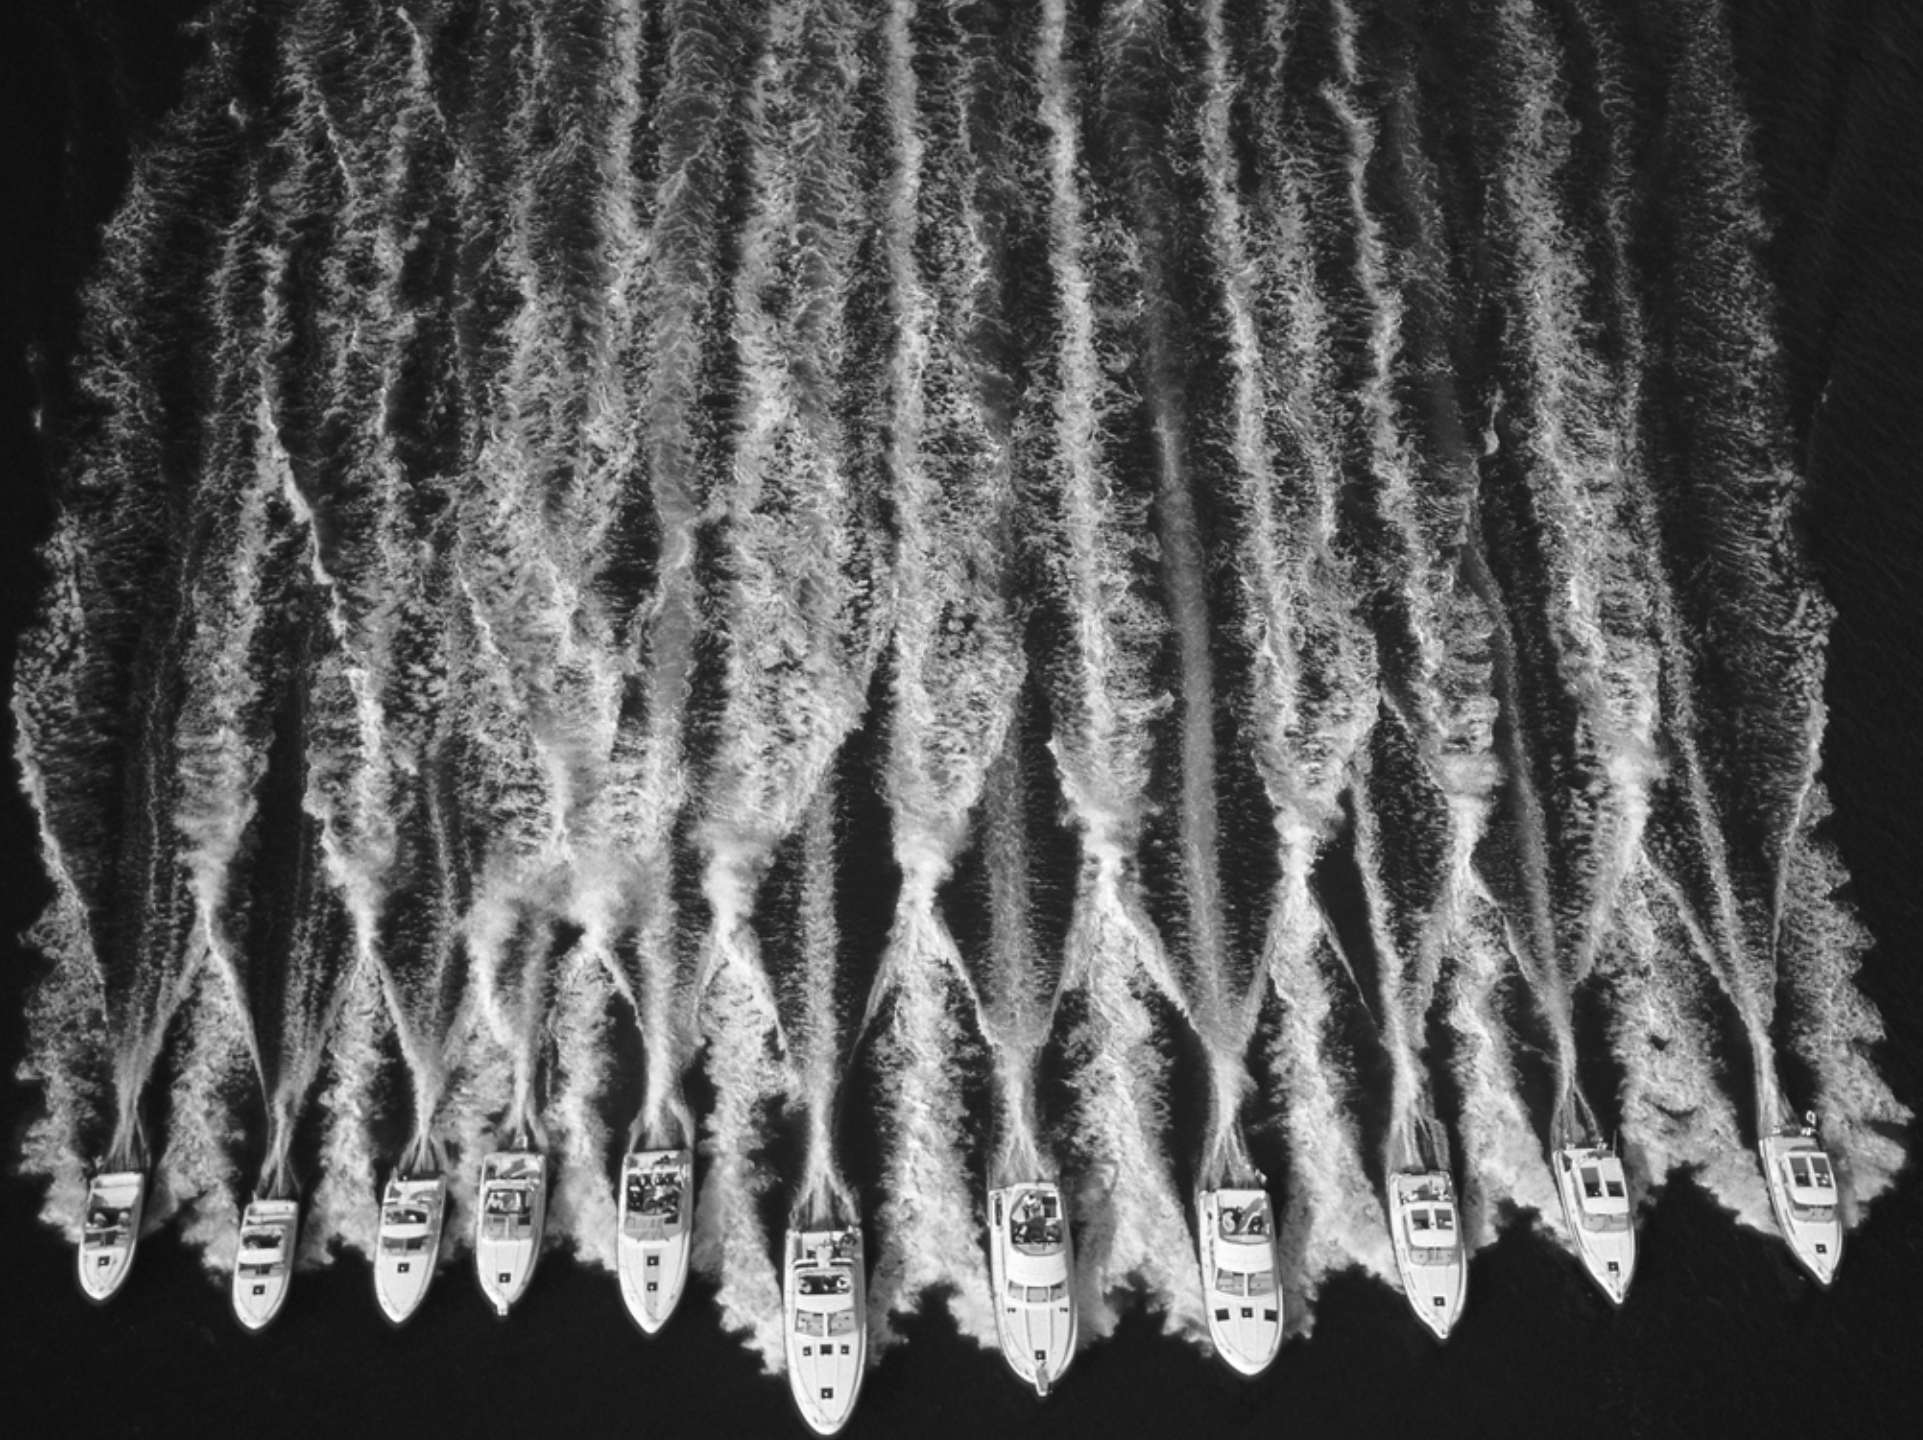

NIMBUS BOATS

MADE IN SWEDEN

Nimbus boats are built in Sweden and are designed to meet the requirements of the conscious yachtsman who appreciate proper functionality, comfort and safety. Properties we consider essential whether you go for a quick drive, a social weekend or a long international cruise. Welcome to the world of Nimbus and feel the difference.

1968

PASSION AND LOVE FOR BOATING SINCE 1968.

It started in the early seventies when Volvo Penta needed a new kind of boat to suit their newly developed engine. An innovative group of people quickly seized the opportunity to create a new kind of boat for the social lifestyle. The Nimbus 26 was born and along with it a company that would become one of Europe's most renowned boat manufacturers. The company's history is a true success story - a tale of innovation, perfect timing and survival. But most of all a story about people who know about boats - and their passion and love for boating. A story still being told.

Award winning
long distance
cruising yachts
designed for
comfortable living
& social activities.

COUPÉ CRUISERS

Nimbus Coupé series has been refined to perfection since 1969 and sold more than four thousand boats around the world. With Nimbus Coupé series we strive to build the perfect boat for the conscious customer who enjoys social activities, comfortable living, easy handling and excellent long distance cruising properties.

Our availability is your guarantee.

Security for you as a customer is not just about having the right equipment on board your boat. It's also about the fact that we always have the most essential spare parts and wearing parts in stock in case they are needed. We know that things can happen without warning. If it does you want to feel secure in the knowledge that the necessary parts are readily available from us. With our products you can feel secure in every way.

Fender covers

Product: 2061 - Nimbus classic fender covers made of stretch material with embroidered logo, protects the hull and prevents squeaking. Size 6x23, 8x22 and 8x27.

SEK **150:-**

SCANDINAVIAN DESIGN

A holistic view in which functionality is central when designing a boat. Why? Because we build boats for conscious people who want their boat to be as good as it can possibly be when used in its natural element.

A COMFORTABLE LIFE

Comfort is an important part of the Nimbus feeling, although this is not only about driving safely and comfortably in all weathers or about having plenty of room.

It includes every ingredient put into the boat, from design, production method, selection of materials and craftsmanship to delivery, service and accessibility – our ambition is to make boat ownership and life aboard as comfortable as possible.

IT'S ALL IN THE DETAILS

Environment award winning, high-tech production facilities, vacuum infusion technology combined with a passionate team of boat builders with more than forty years of know-how who strive to achieve perfection in every detail. The result? Satisfied Nimbus owners who appreciate the quality of life experienced onboard.

ORC

This boat is certified as a Recreational Craft by

Det Norske Veritas

according to

DNV's Standard for Certification of Craft

Det Norske Veritas, founded in 1864
is a leading worldwide provider of
Classification and Certification of Ships
and other Marine Units and Equipment

AN IMPORTANT SIGN

Built to the highest standards and tested to optimize your experience at sea. Not only can you feel it, you have certified proof it's true. It may only be a small sign but it is issued by DNV (Det Norske Veritas) - The most highly renowned marine certification agency in the world. As you probably know already, all Nimbus boats are tested and certified by DNV.
